

BRC meeting notes 9-21-11

Riverview room 2:15pm -2:55pm

Present: Dave Erickson, John Dugan, Hope Barron, Donna Osborne, Bill Cullins, Shawn Lewis, Robert Schneeman, & Genora Young.

Discussion:

1. Discussion on BRC website "portal". Katherine Garrison of Bill Cullin's office worked on draft design that was presented to group. Group approved look of page and suggested changing name to AdvanceSanAngelo after much discussion. Another name discussed was Portal2SanAngelo. DevelopSanAngelo was discussed again.
2. Website portal to include cvbiz.org button. Also phone numbers on buttons so clients do not have to search partner websites. The blue field on the right to include map and directions link as well as a BRC video link. Katherine to make changes and will sent out for review.
3. Discussion on BRC facility. TIRZ approved \$7500 grant for BRC facade. Still a gap in funding of approximately \$100,000, roughly 10%, based on approved funding vs. architects estimates. Architects will be in town next week to finalize construction drawings.
4. Not discussed in meeting- BRC grant for audio-visual/furniture for the training rooms. Workforce Board has been approached to consider accepting the role as the grant recipient since they are a 501c3. Estimated budget of \$100,000 including installation of equipment. Workforce Board will vote soon. Estimated submittal of grant to target foundation is November 1st.

Thanks to all for the Partnership
